It also allows me to make sure I only install games that I would want for my kids' favorite games if I were paying in that way. If I had a whole bunch of games at my house when my kids were kids, they might want a bunch of different ones to play with.. Visit Amazon directly If you can't afford to get a copy right out of the box you'll probably want to install some sort of game beta before you buy too. Even if it's just a simple installation, it will likely save you lots of frustration in the long run.. Get the game for free There are many options here but I've selected ones I think will be the best for me personally, even though most of the things mentioned above are just common sense..
