Apogee Mic Review I finally bought an iPhone I'd been on the fence for a while, and in the end it was not so much the iPhone itself that convinced me (I really like my Android, which has a few features the iPhone would do well to copy) as it was the fact that I needed one in order to use Apogee's new 'Mic'. Speak to an agent via live chat in the lower right corner of your screen (during chat hours), or submit a ticket through the above form.. Apogee Electronics introduced a new member of their ONE audio interface family, ONE for Mac.. USB Audio Interface For Mac It's tiny, shiny and everything you'd expect from an Apogee interface.. Connect a microphone, guitar or use ONE's exceptional built-in omnidirectional microphone to easily capture your music without compromise.. Need to speak to an Apogee rep? Tech support is free for current & some legacy products only..
