Its definitely one of the best in the album – the theme music is catchy, brings out the essence of the film perfectly.. Check out for the remix too but I prefer the original which had a nice feel to it.

I like the Vallava from Sunidhi Chauhan too It remembers me “Manmadhane” song from the film Manmadha, in terms of the feel and the lyrics and also shots of Simbu and Nayanthara.. Check it Out! Loosu pennaais a different slow beat throughout, with rap done by Blaaze, and is an all out romantic number.. Ammadi aathadi is a fast paced racy kuthu song, just an average number You know who has written this lyrics of Ammadi Aathadi.. I dont recommend other songs Hip Hip Hooray, Podu attam Podu,Ammadi Aathadi Hip Hip hooray, a fast paced kuthu song (those who dont tamil, kuthu is the beat which will make you dance).. Simbu has sung a few lines in the song as well, and actually shows promise as a singer,although he was rejected in the first round of Super Singer contest.. Its cute, and naughty, with a new and unique beat which has turned out very well! A foot-tapping number. [Best Mkv Player For Mac Os X](#)

One of my fav song from the movie was Kadhal Vandhurichu (beautiful remix from kalyana raman sung by simbhu).. Podu attam podu, definitely an intro song for Simbhu reminds me of vijay introduction number from Sivakasi. [Bt878 Driver Windows 7 X64 Vs X86](#)

Its something similar to the one kadhal valarthen in manmadhan but it differs in term of the soft music.. I awaited for this movie for quite a some time, finally the album didnt dissapoint me.. This album also has a bit song Success of Love, Short and simple, more as a recording bit.. Well once again another hit produced "Vallavan" with great tunes Dont miss it.. The news here at kollywood Yuvan's Vallavan rocks soon after the audio release of Vettayadu Vilayadu.. He knows what to do - A theme song, instrumental for vallavan Yuvan knows what to do.. We all know that when ever Yuvan & Simbhu Joins Team, Its always a hit like manmadhan.. its none other than director perarasu Simbhu has personally requested him to pen down the lyrics for this fast song. b0d43de27c [Driver booster 2.1.0 key](#)
